

Exploring Aviation and AerospaceSM

AeroCamp is designed to give young people a unique opportunity to explore the vast and exciting world of aviation and aerospace at their local airport. As a member of the **Flight School Association of North America**, our local flight school is proud to participate in the AeroCamp Program and make AeroCamp available to the kids in our community.

We give every camper the chance to fly an aircraft if they choose to. However, flight time is only a fraction of the AeroCamp experience and is not required to have a great learning adventure.

Begin the adventure.

For AeroCamp enrollment, pricing and information, please contact us today.
